Raleigh PWM

Executive summary

Giving families across the country the financial peace of mind for over 29 years.

Group summary

- On September 1, 2023, Mike Lappin and Bill Smith joined to form Raleigh PWM located in Raleigh, North Carolina. Both Financial Advisors have decades of experience, Mike having 29 years of experience and Bill having 25 years of experience in the wealth management business. After many years of individual success, both financial advisors combined their respective teams to increase the level of proficiency and service necessary to cater to the ultra affluent in the Raleigh and surrounding area.
- In 2023, Mike made the Barron's Top 1,200 Financial Advisors ranked #6 in North Carolina and #1 in Raleigh. The Barron's rating is awarded annually in March based on information from the prior year Q3. Eligibility is based on quantitative factors and is not necessarily related to the quality of the investment advice.
- In 2023, Bill made the Barron's Top 1,200 Financial Advisors ranked #20 in North Carolina and #6 in Raleigh. The Barron's rating is awarded annually in March based on information from the prior year Q3. Eligibility is based on quantitative factors and is not necessarily related to the quality of the investment advice.
- Through a collective knowledge of market cycles and knowing each family faces unique challenges, we partner with our clients to provide steady guidance and solutions suited to their unique needs. Our goal is to help our clients protect and grow their wealth for their families, their business and for generations to come.
- We draw on the powerful global resources of the largest and #1 rated wealth management platform in the world. It takes an army to manage considerable wealth, and our team has the UBS Family Office Solutions, world-class asset managers, Advanced Planning Group, cutting-edge research and the UBS Bank to help support our clients in constructing a holistic, long-term wealth management plan.
- Raleigh PWM serves as a fiduciary and is a fee-based Private Wealth Management team.

Group highlights

\$1.8billion

Assets under management

202years

Industry experience

10person

Seasoned team

Steadfast commitment to our clients

During our clients' lives, they make a handful of decisions that will impact their family for generations; Raleigh PWM helps them make the right decisions by understanding their goals and family priorities.

Our core mission

- Our mission is to provide integrated solutions to all aspects of your wealth management—delivered with the highest level of service and integrity
- One size doesn't fit all, and our team incorporates our best ideas into a custom portfolio tailored to your specific priorities and objectives
- We pride ourselves in helping our clients navigate and streamline the complexities that substantial wealth brings, in a multi-generational context

Our demographics

- Most of our clients generally fall in the ultra-high-net-worth space in the United States
- We serve an array of highly successful people, including c-suite executives, entrepreneurs, board members, business owners and retirees from the same
- We have learned that long lasting and meaningful relationships are a function of trust and shared common values with our clients

Raleigh PWM

Limited client base

- Our business and client base are limited, by design, to a small and exclusive group of families across the country, each with their own unique priorities
- We're only successful if you're successful, and this boutique approach allows us to provide exceptional care and attention to detail one family at a time
- A limited client base means we have both the time and the capacity to have a deep understanding of complex family dynamics

Exceptional client experience

- We own and operate our business as a team within UBS, and as such, our team is personally responsible for the satisfaction of each client
- There's no 1-800 number here, when you call, we pick up the phone. We're adamant and emphatic about the service we provide to our clients
- We attribute our success by seeking to earn the trust of our clients and being a loyal partner with you and your family

Why choose Raleigh PWM?

To be effective, wealth management should be seen for what it is: a disciplined, long-term process with a plan.

Pragmatic

Pragmatic industry veterans

- We have been through recessions, wars, euphoric market highs and pandemic market lows, so we know what it takes to stay on target and stay true to our convictions without succumbing to fads and groupthink.
 - We take a genuine interest in our clients and their families, and it is our duty and responsibility to provide you with objective advice and guidance with absolute candor.
 - Our experience and tenure have given us a unique ability to navigate through the many challenges that life and capital markets bring, while keeping everyone's emotions in check.
-

Accountable

Candid

Holistic wealth management

- Every family is unique, and our process is centered around understanding what is most important to you and then delivering thoughtful guidance and solutions within the context of a customized wealth management plan.
 - Our comprehensive approach provides a defined planning process and addresses both the asset and liability sides of your balance sheet for you, your family and the future.
 - What drives you drives us: your values and goals, your desire to maintain your lifestyle in the next phase of your life and the wishes and dreams you have for your family. We strive to get it right one family at a time.
-

Thoughtful

Consistent

Team efficiency

- Our limited client base leaves ample room and capacity to give you and your family a boutique experience, supported by the powerful global resources of world's largest and oldest wealth management firm.
 - What differentiates us from other groups is our multi-century experience and having all thirteen team members in the office and operating as one highly effective unit.
 - We work together, solicit ideas, push back, give opinions, share information, we have fun and we enjoy striving towards our common goal, which is helping you, our client.
-

Dedicated

The Scope of UBS's capabilities for wealthy families

Family Office Solutions is at the epicenter of the UBS ecosystem. Individuals and family offices have access to products and services across all areas of the firm, resulting in holistic, institutionalized coverage.

Section 3

Our Process

Raleigh PWM process: objectives

Step 1: Identifying your values and objectives.

Discovery.

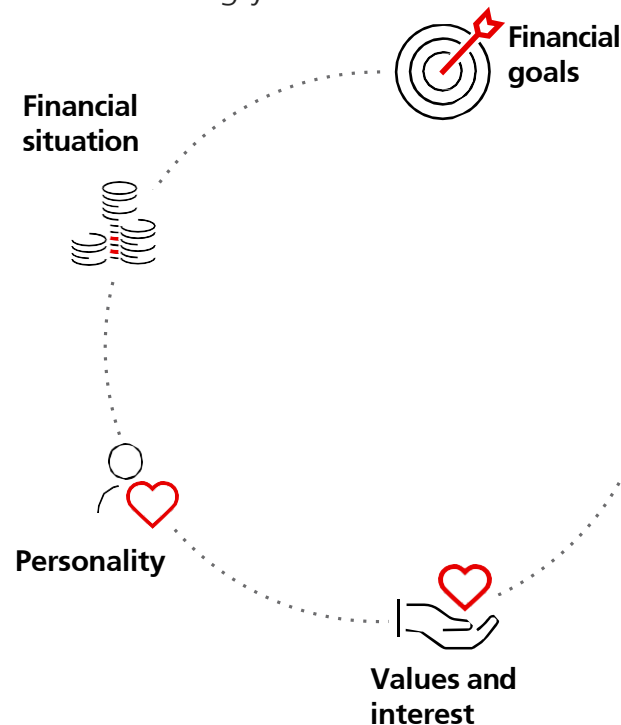

Our comprehensive planning process begins with meaningful conversations about what matters most to you. By focusing on your passions and priorities, we'll learn all we can about you, your family and your business.

By helping you articulate where you see yourself and your family in five, ten, even twenty years from now, we can help you prioritize your goals.

1

Understanding you

What do you want to accomplish in your **life**?

Who are the **people** that matter most to you?

What do you want your **legacy** to be?

What are your main **concerns**?

How do you **plan** to achieve your life's vision?

Source: Investing with UBS Global Wealth Management published November 30, 2018.

Raleigh PWM process: **plan**

Step 2: Building your wealth management plan.

When you talk, we listen. By listening closely, by understanding you and your view of the world, we can help you craft the strategies you need and identify the solutions designed to help bring your goals to life.

Turning the qualitative into the quantitative gives us context for your wealth

Our team will work together to prepare an appropriate strategy and plan that is designed to increase the probability of meeting your goals and objectives within the plan.

* Time frames may vary. Strategies are subject to individual client goals, objectives and suitability. This approach is not a promise or guarantee that wealth, or any financial results, can or will be achieved.

2

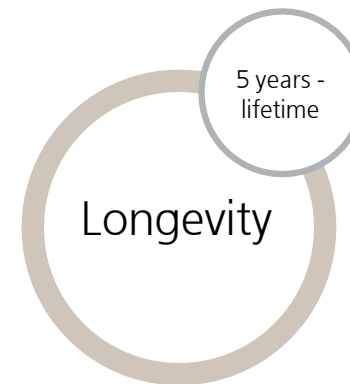

Crafting the appropriate strategy

Our Liquidity. Longevity. Legacy.* planning approach.

To help **maintain** your lifestyle

- Entertainment and travel
- Taxes
- Purchasing homes
- A good night's sleep

To help **enhance** your lifestyle

- Retirement
- Income
- Healthcare
- Vacation homes/cars/boats

To help **improve** the lives of others

- Giving to family
- Philanthropy
- Wealth transfer over generations

Raleigh PWM process: **asset allocation**

Step 3: Choosing an investment strategy.

This tried and true process gives us the information we need to work together to craft a specific asset allocation strategy focused on helping you protect and grow your wealth, according to your stated goals.

We construct the blueprint and allocation for a high-quality, well-diversified portfolio that will stand the test of time.

Our customized wealth management strategies can help you manage risk and simplify the complexity created by wealth.

This process clarifies the present and begins to pave way for the future so you can focus on what matters to you in your life.

3

Ultra high net worth/institutional style

Long-term risk-adjusted returns

- Long/multigenerational time horizon
- Help to generate income while preserving purchasing power
- Tolerance for illiquidity

Systematic allocation

Focus on drawdown reduction

- Systematic and Dynamic—model based
- Market timing/momentum driven
- Large tracking error

Strategic asset allocation

Offers investors one of the best risk/return trade-offs consistent with a modern portfolio theory approach by investing in traditional, relatively liquid asset classes and making use of diversification to help mitigate risk.

Yield-focused

Balanced portfolios using diversification to help boost yield

- Similar risk, seeking higher income than traditional portfolios
- Focus on higher income without sacrificing overall return

4

Portfolio reviews*

Periodic portfolio reviews are conducted to monitor markets' impact on the portfolio and if any potential changes are required. These reviews can also determine if any of the individual client's goals or objectives have changed. We make strategic and tactical adjustments based on current market conditions and your objectives.

Source: Investing with *UBS Global Wealth Management* published November 30, 2018.

*We provide periodic monitoring of advisory accounts in accordance with the client's agreements with UBS. Unless separately agreed in writing, UBS does not manage client's brokerage account, and clients make the ultimate decision regarding the purchase or sale of investments.

Important information

This material is intended for information and marketing purposes only: It is not to be regarded as investment research, a sales prospectus, an offer or solicitation of an offer to enter into any investment or other activity. The general explanations included in this presentation cannot address your personal investment objectives, your financial situation as well as your financial needs.

Availability of described services and products: Please note that UBS retains the right to change the range of services, the products and the prices at any time without prior notice and that all information and opinions indicated are subject to change. Certain services and products are subject to legal restrictions in some countries and cannot therefore be offered worldwide on an unrestricted basis. Asset classes, asset allocation and investment instruments are indicative only.

Accuracy and completeness of information: Although all information and opinions expressed in this document were obtained from sources believed to be reliable and in good faith, no representation or warranty, express or implied, is made as to their accuracy or completeness. All information and opinions as well as any prices indicated are subject to change without notice and the asset classes, the asset allocation and the investment instruments are only indicative. Information displayed in this document may be referring to your personal situation as known to your UBS client advisor at the present time. Please note that UBS is under no obligation to revise this document or inform you otherwise should your personal situation change or should other employees of UBS be or come to be in possession of other or additional information.

Separate agreements and further documentation: Some products and services mentioned in this document may require agreements to be signed. Please note that only the terms and conditions of such specific agreements apply to these products and services. We kindly ask you to carefully read such agreements and revert to your UBS client advisor in case of unclarity. Please also consult further documentation on specific products and services mentioned in this document.

Legal and tax advice: We recommend that you obtain appropriate independent financial, tax or legal advice on the implications of investing in or making use of any of the products and making use of the services mentioned herein, including tax matters. Tax treatment depends on the individual circumstances and may be subject to change in the future. UBS does not provide legal or tax advice and this document does not constitute such advice. UBS further makes no representations as to the tax treatment of assets or the investment returns thereon both in general or with reference to your specific circumstances and needs. You should obtain independent tax advice on the suitability of products, assets or instruments before investing and as you may consider appropriate.

UBS's role: At any time UBS and other companies in the UBS group (or employees thereof) may have a long or short position, or deal as principal or agent, in relevant securities or provide advisory or other services to the issuer of relevant securities or to a company connected with an issuer.

Use of this information: Source of all information is UBS unless otherwise stated. UBS specifically prohibits the redistribution of this material in whole or in part without the written permission of UBS and UBS accepts no liability whatsoever for the actions of third parties in this respect.

Investment risks: Please be reminded that all investments carry, depending on their nature, a degree of risk. Some investments may be subject to sudden and large falls in value and on realization you may receive back less than you invested. Some investments may not be readily disposable since the market in such securities is illiquid and therefore identifying and quantifying the risk to which you are exposed may be difficult. You should consult your UBS client advisor on the nature of any specific investment you are interested in and carefully consider whether such investment is appropriate for you before making any decision on an investment or transaction. For further information on the risks of specific types of investments and transactions we refer to the brochure "Special Risks in Securities Trading" and the document "Additional Risk Information" previously sent to you. Please ask your UBS client advisor for further copies of these documents if you deem necessary. The information contained in this presentation on specific investment opportunities or on investment strategies and asset classes in general is in abbreviated form. It is not intended to provide the sole basis of an evaluation of an investment and should not be considered a recommendation by UBS that an investment is suitable for you. UBS shall have no responsibility for the performance of investment instruments or an asset class selected by you and shall assume no liability for the selection and decision you may take.

Risks of investing in funds: Investments in Funds bear specific risk that can be substantial. The market exposure inherent in units of a Fund is closely related to the underlying instruments the Fund is invested in. Investments in funds may be subject to sudden and large falls in value and on realization or (in case of default of the fund) on the winding up of the Fund the investor may receive back less than invested, lose the total amount invested or may be required to pay more. Some investments may not be readily realizable since the market in the securities is illiquid or because of minimum holding periods and therefore valuing the investment and identifying the risk to which the investor is exposed may be difficult to quantify. It may thus be difficult for an investor either to sell, transfer or realize the investment or to obtain reliable information about its value or the extent of the risks to which it is exposed. Should substantial redemptions be made at the same point of time, this could negatively impact the investor's redemption rights (illiquidity/exit risk). The above is not an exhaustive list of risks of investing in a fund. You should take any investment decision only upon the basis of a fund's current and complete legal documentation. We further advise you to obtain independent legal advice when considering an investment.

Best Interest Disclaimer:

As a firm providing wealth management services to clients, UBS Financial Services Inc. offers investment advisory services in its capacity as an SEC-registered investment adviser and brokerage services in its capacity as an SEC-registered broker-dealer. Investment advisory services and brokerage services are separate and distinct, differ in material ways and are governed by different laws and separate arrangements. It is important that you understand the ways in which we conduct business, and that you carefully read the agreements and disclosures that we provide to you about the products or services we offer. For more information, please review client relationship summary provided at ubs.com/relationshipsummary, or ask your UBS Financial Advisor for a copy.

Important information

Alternative Investments

Alternative Investments US of UBS Financial Services Inc. provides investment management services to qualified high net worth and institutional clients. Eligibility requirements begin, generally, at a net worth greater than \$5 million for individuals (with spouse) and \$25 million for entities. This is not an offer to purchase or a solicitation to sell any security. Investors should be aware that alternative investments are speculative, subject to substantial risks (including the risks associated with limited liquidity, the use of leverage, short sales and concentrated investments), may involve complex tax structures, strategies and may not be appropriate for all investors. Alternative investments may not be required to provide periodic pricing or valuation information to investors, there may be delays in distributing tax information to investors, they are not subject to the same regulatory requirements and protections as mutual funds, and they may be subject to high fees and expenses, which will reduce profits and returns. Alternative investments are not deposits or obligations of, or guaranteed or endorsed by, any bank or other insured depository institution, and are not federally insured by the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other governmental agency. They should not constitute an entire investment program.

Alternative investment strategies are investment vehicles that are formed by professional money managers to afford them greater flexibility to manage money in any market environment. These strategies typically have flexibility regarding the types of securities in which they can invest (e.g., derivatives such as swaps, options and futures contracts), the types of positions they can take (e.g., long and short positions) and the amount of leverage they are permitted to employ. A professional money manager can use these and other techniques to modify market exposure and create portfolio characteristics that may be desirable for certain clients (e.g., reduced correlation to financial markets, potential lower volatility, and performance in "down" markets). This flexibility can add value when used skillfully. This flexibility can, however, add additional elements of risk and complexity, especially because alternative investments are often long-term, illiquid investments that are not easily valued. Note that due to the nature of alternative investments, the risk and return assumptions used in this analysis may tend to overstate potential benefits but not fully reflect potential risks with respect to those investments.

Structured Investments

Investing in structured investments involves significant risks. For a detailed discussion of the risks involved in investing in any particular structured investment, you must read the relevant offering materials for that investment. Structured investments are unsecured obligations of a particular issuer with returns linked to the performance of an underlying asset. Depending on the terms of the investment, investors could lose all or a substantial portion of their investment based on the performance of the underlying asset. Any payment on a structured investment, including any repayment of principal, is subject to the creditworthiness of the issuer. Investors could lose their entire investment if the issuer becomes insolvent. UBSFS does not guarantee in any way the obligations or the financial condition of any issuer or the accuracy of any financial information provided by any issuer. Structured investments are not traditional investments and investing in a structured investment is not equivalent to investing directly in the underlying asset. Structured investments may have limited or no liquidity, and investors should be prepared to hold their investment to maturity. The return of structured investments may be limited by a maximum gain, participation rate or other feature. Structured investments may include call features and, if a structured investment is called early, investors would not earn any further return and may not be able to reinvest in similar investments with similar terms. Structured investments include costs and fees that are generally embedded in the price of the investment. The tax treatment of a structured investment may be complex and may differ from a direct investment in the underlying asset. UBSFS and its employees do not provide tax advice. Investors should consult their own tax advisor about their own tax situation before investing in any securities. In addition, investors should familiarize themselves with the particular market risks and the other risks associated with the specific underlying asset. Investing in structured investments is not suitable for all clients given their complexity and significant risks.

Unlike traditional bank CDs, structured CDs do not pay fixed interest payments at prevailing market rates or may not pay any interest payments, and they are subject to market risk in addition to interest rate risk if they are sold prior to maturity. The value of a structured CD is dependent upon fluctuations in interest rates and the performance of the specified underlying asset and the limited secondary market for structured CDs may also adversely affect their price if liquidated prior to maturity. Unlike traditional bank CDs, structured CDs may be subject to IRS treasury regulations that apply to contingent payment debt instruments. Investors should consider the applicability and limitations of FDIC insurance to an investment in structured CDs.

A credit rating reflects the creditworthiness of the issuer and not of any particular structured investment. It is not a recommendation to buy, sell or hold securities, and may be subject to revision or withdrawal at any time by the assigning rating organization. The creditworthiness of the issuer does not affect or enhance the likely performance of the investment other than the ability of the issuer to meet its obligations.

For more information about risks associated with structured investments, please visit our website at ubs.com/spkeyrisks.

Financial Planning

Important Information about our financial planning services: As a firm providing wealth management services to clients, UBS Financial Services Inc. offers investment advisory services in its capacity as an SEC-registered investment adviser and brokerage services in its capacity as an SEC-registered broker-dealer. Investment advisory services and brokerage services are separate and distinct, differ in material ways and are governed by different laws and separate arrangements. It is important that you understand the ways in which we conduct business, and that you carefully read the agreements and disclosures that we provide to you about the products or services we offer. For more information, please review client relationship summary provided at ubs.com/relationshipsummary, or ask your UBS Financial Advisor for a copy. In providing financial planning services, we may act as a broker-dealer or investment adviser, depending on whether we charge a fee for the service. The nature and scope of the services are detailed in the documents and reports provided to you as part of the service. Financial planning does not alter or modify in any way a client's existing account(s) or the terms and conditions of any account agreements they may have with UBS. For more information speak with a Financial Advisor. UBS Financial Services Inc., its affiliates and its employees do not provide tax or legal advice. Clients should speak with their independent legal or tax advisor regarding their particular circumstances. Investing in structured products involves significant risks, such as the credit risk of the issuer, potential downside market risk and limited or no liquidity. Clients should carefully read the detailed explanation of risks, together with other information in the relevant offering materials.

Investment Advisory

Separately managed account programs offered by UBS Financial Services Inc. are subject to minimum amount requirements. Minimum account size is generally \$100,000. Higher minimums apply to certain strategies and Multiple Style Accounts. Since separately managed account programs are not suitable for all investors, information that will be presented at the seminar is provided for informational purposes only. UBS Financial Services Inc. must review an investor's investment objectives, risk tolerance and liquidity needs to determine suitability prior to an investment with any manager or investment program. There are fees associated with investing in separately managed accounts. For more information about the fees associated with separately managed accounts, please refer to the account program Form ADV disclosure brochure or contact your Financial Advisor. For more details regarding our investment advisory programs(s) including fees, services, features, and client suitability, please see the Form ADV Disclosure Brochure, which can be obtained from your Financial Advisor or accessed at ubs.com/accountdisclosures.

Appendix

Non-Traditional Assets

Non-traditional asset classes are alternative investments that include hedge funds, private equity, real estate and managed futures (collectively, alternative investments). Interests of alternative investment funds are sold only to qualified investors, and only by means of offering documents that include information about the risks, performance and expenses of alternative investment funds, and which clients are urged to read carefully before subscribing and retain. An investment in an alternative investment fund is speculative and involves significant risks. Specifically, these investments:

(1) are not mutual funds and are not subject to the same regulatory requirements as mutual funds; (2) may have performance that is volatile, and investors may lose all or a substantial amount of their investment; (3) may engage in leverage and other speculative investment practices that may increase the risk of investment loss; (4) are long-term, illiquid investments, there is generally no secondary market for the interests of a fund, and none is expected to develop; (5) interests of alternative investment funds typically will be illiquid and subject to restrictions on transfer; (6) may not be required to provide periodic pricing or valuation information to investors; (7) generally involve complex tax strategies and there may be delays in distributing tax information to investors; (8) are subject to high fees, including management fees and other fees and expenses, all of which will reduce profits.

Interests in alternative investment funds are not deposits or obligations of, or guaranteed or endorsed by, any bank or other insured depository institution, and are not federally insured by the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other governmental agency. Prospective investors should understand these risks and have the financial ability and willingness to accept them for an extended period of time before making an investment in an alternative investment fund and should consider an alternative investment fund as a supplement to an overall investment program.

In addition to the risks that apply to alternative investments generally, the following are additional risks related to an investment in these strategies:

- **Hedge Fund Risk:** There are risks specifically associated with investing in hedge funds, which may include risks associated with investing in short sales, options, small-cap stocks, “junk bonds,” derivatives, distressed securities, non-US securities and illiquid investments.
- **Managed Futures:** There are risks specifically associated with investing in managed futures programs. For example, not all managers focus on all strategies at all times, and managed futures strategies may have material directional elements.
- **Real Estate:** There are risks specifically associated with investing in real estate products and real estate investment trusts. They involve risks associated with debt, adverse changes in general economic or local market conditions, changes in governmental, tax, real estate and zoning laws or regulations, risks associated with capital calls and, for some real estate products, the risks associated with the ability to qualify for favorable treatment under the federal tax laws.
- **Private Equity:** There are risks specifically associated with investing in private equity. Capital calls can be made on short notice, and the failure to meet capital calls can result in significant adverse consequences including, but not limited to, a total loss of investment.
- **Foreign Exchange/Currency Risk:** Investors in securities of issuers located outside of the United States should be aware that even for securities denominated in US dollars, changes in the exchange rate between the US dollar and the issuer’s “home” currency can have unexpected effects on the market value and liquidity of those securities. Those securities may also be affected by other risks (such as political, economic or regulatory changes) that may not be readily known to a US investor.

Risk information

ESG/Sustainable Investing Considerations

Sustainable investing strategies aim to consider and in some instances integrate the analysis of environmental, social and governance (ESG) factors into the investment process and portfolio. Strategies across geographies and styles approach ESG analysis and incorporate the findings in a variety of ways. Incorporating ESG factors or Sustainable Investing considerations may inhibit the portfolio manager's ability to participate in certain investment opportunities that otherwise would be consistent with its investment objective and other principal investment strategies. The returns on a portfolio consisting primarily of ESG or sustainable investments may be lower or higher than a portfolio where such factors are not considered by the portfolio manager. Because sustainability criteria can exclude some investments, investors may not be able to take advantage of the same opportunities or market trends as investors that do not use such criteria. Companies may not necessarily meet high performance standards on all aspects of ESG or sustainable investing issues; there is also no guarantee that any company will meet expectations in connection with corporate responsibility, sustainability and/or impact performance.

Important disclosures

As a reminder, Financial Advisors must explain any product risks and exceptions thoroughly, which include highlighting any risks that may apply to individual client circumstances. The FA is responsible for reasonably ensuring the recommendation is suitable and in the best interest of the client.

¹ **All residential mortgage products are only offered by UBS Bank USA, Member FDIC, NMLS No. 947868.** All loans are subject to underwriting, credit and property approval. Please note that not all mortgage products are available in all states, or for all loan amounts. Other restrictions and limitations may apply. UBS Bank USA currently offers residential mortgage loans within the 50 states of the United States of America and the District of Columbia. UBS Financial Services Inc., 1200 Harbor Blvd., Weehawken, NJ 07086. Tel. no. 201-352-4054. NMLS No. 6737. Georgia Residential Mortgage Broker Registrant No. 18092. Massachusetts Mortgage Broker Lic. No. MB6737. Registered Mortgage Broker – NYS Dept. of Financial Services.

² Jumbo loans may be eligible for a relationship discount for loan amounts up to \$10 million via the UBS Bank USA Premier Pricing program. Jumbo loans are generally financed loan amounts greater than \$510,400 (or in certain locations, \$765,600). Premier pricing is not available for conforming or conforming plus loans. To qualify for Premier Pricing clients must, when the loan closes, have marketing household assets at UBS of \$1 million or more. Premier pricing eligibility and qualifying parameters are subject to change at any time without notice.

³ UBS Private Mortgage Bankers and Wealth Management Bankers are employees of UBS Bank USA and are individually registered in the Nationwide Multistate Licensing System & Registry (NMLS). UBS Financial Advisors are employees of UBS Financial Services Inc.

The proceeds of a UBS Bank USA mortgage loan cannot be deposited into a UBS securities account, used to purchase, carry or trade in securities, or to repay any debt to any affiliate of UBS Bank USA. Purchase, rate/term refinance and cash-out refinance are permitted with the exception of cash-out refinance in the state of Texas.

UBS Financial Services Inc. and its Financial Advisors do not take mortgage loan applications, do not offer mortgage loans and do not negotiate terms of mortgage loans.

UBS Bank US – Equal Opportunity Lender. Equal Housing Lender

⁴ Credit Lines are securities backed loans provided by UBS Bank USA, an affiliate of UBS Financial Services Inc. Credit Lines are full recourse demand loans, are subject to credit approval, and are "margin loans" subject to collateral maintenance requirements (i.e., margin requirements). The lender can (i) demand repayment and/or (ii) change collateral maintenance requirements (i.e., margin requirements) at any time without notice. If the required collateral value is not maintained, the lender can require you to post additional collateral (commonly referred to as a "margin call"), repay part or all of your loan and/or sell your securities. Failure to promptly meet a margin call or repayment or other circumstances (e.g., a rapidly declining market) could cause the lender to liquidate some or all of the collateral supporting the Credit Lines to repay all or a portion of the outstanding Credit Line or margin obligations. Any required liquidations may result in adverse tax consequences. You are personally responsible for repaying the Credit Line in full, regardless of the value of the collateral. **Securities backed financing involves special risks, is not suitable for everyone and may not be appropriate for you needs.** For a full discussion of the risks associated with borrowing using securities as collateral, you should review the Loan Disclosure Statement that will be included in your application package.

Credit Lines are either non-purpose or purpose loans. Non-purpose loans may not be used directly or indirectly to purchase, trade or carry securities or to repay debt used to purchase, trade or carry securities and may be used for other liquidity needs such as personal expenses, real estate transactions or other needs. Purpose loans may be used to purchase, trade or carry securities or may be used for other liquidity needs such as personal expenses, real estate transactions or other needs. Please review your loan agreement to make sure you understand which type of loan you have and that you ensure you are in compliance with its terms. Credit Lines may not be used to repay debt to any affiliate of UBS Bank USA. Additional limitations and availability may vary by state. Prepayments of UBS Fixed Credit Lines will be subject to an administrative fee and may result in a prepayment fee.

Important disclosures

UBS-FS and its Financial Advisors have a financial incentive to recommend the use of securities backed loans (SBLs), rather than the sale of securities to meet cash needs. Our Financial Advisors receive compensation based on the outstanding balance on an SBL and the applicable interest rate spread for the SBL. In addition, UBS-FS receives servicing fees from certain lending affiliates based on the amount of outstanding loan balances to compensate us for referring clients and for administrative and operational support relating to the loans. The interest you pay for the loan is separate from and in addition to other fees you may pay related to the investments used to secure the loan, such as ongoing investment advisory fees (wrap fees) and fees for investments such as mutual funds and ETFs, for which UBS-FS and/or our affiliates receive administrative or management fees or other compensation. **As such, we benefit if you draw down on your loan to meet liquidity needs rather than sell securities or other investments, which would reduce our compensation.** When assets are liquidated pursuant to a house call or demand for repayment, UBS-FS and your Financial Advisor also will benefit if assets that do not have ongoing fees (such as securities in brokerage accounts) are liquidated prior to or instead of assets that provide additional fees or revenues to us (such as assets in an investment advisory account). Further, different types of securities have higher release rates than others, which can create a financial incentive for your Financial Advisor to recommend products or manage the account in order to maximize the amount of the loan. UBS-FS and its Financial Advisors and employees offer banking and lending products to clients through our affiliates and third-party banks in our capacity as a broker-dealer and not as an investment adviser.

UBS Bank USA, UBS-FS, their employees and affiliates do not provide legal or tax advice. You should contact your personal tax and/or legal advisors regarding your particular situation, including the legal and tax implications of borrowing using securities as collateral for a loan

⁵ Private stock liquidity program is booked by Credit Corporation.

⁶ **Important information about client expenses associated with a UBS Bank USA Commercial Real Estate (CRE) loan transaction:** Potential expenses typically include, but are not limited to, the following: appraisal, engineering report, environmental report, seismic report, zoning report, insurance review, lien searches and lender legal fees. You are personally responsible for paying the transaction costs incurred from a UBS Bank USA CRE loan.

⁷ Loans greater than \$125MM will be evaluated on a case-by-case basis and may be considered as a syndicated transaction.

⁸ UBS Bank USA Core Savings is not intended for clients who need to have frequent access to their funds. UBS Financial Services Inc. will charge you a fee of \$25 for each withdrawal that you make from UBS Bank USA Core Savings in excess of five (5) withdrawals in a calendar month. Applicable fees may reduce your earnings. For these purposes, a withdrawal will be considered to occur on the day on which the funds are actually withdrawn from UBS Core Savings, which may not be the same day on which you place an order for the withdrawal with your Financial Advisor. These fees will be posted to your UBS account the business day following the excess withdrawal. You may incur a withdrawal fee even if the withdrawal is involuntary such as if a withdrawal is made by UBS to meet a margin call.

Please review carefully the UBS Bank USA Core Savings disclosure statement available at ubs.com/coresavingsdisclosure. Deposits in UBS Bank USA Core Savings, together with all other deposits at UBS Bank USA, are insured by the FDIC up to \$250,000 (including principal and accrued interest) for each insurable ownership capacity (e.g., single, joint) in which you hold the deposits. For purposes of FDIC insurance, your deposits will be aggregated with your other deposit balances at UBS Bank USA in the same ownership capacity, including any Certificates of Deposit, and deposits through the UBS Bank Sweep Programs and UBS FDIC Insured Deposit Program. You are responsible for monitoring the total amount of your deposits at UBS Bank USA in order to determine the extent of FDIC deposit insurance coverage.

Funds need to be in the account one day prior to depositing into savings. UBS Financial Services Inc., as your agent and custodian, will open a deposit account on your behalf with UBS Bank USA, Member FDIC. UBS Bank USA Core Savings is available only to individuals, nonprofit entities and US governmental entities and is not available for certain financial institutions, advisory accounts and non-resident clients. UBS Bank USA Core Savings is available for purchase through an account at UBS Financial Services Inc., an affiliate of UBS Bank USA, and standard account fees apply.

Excluding promotional offers, UBS Bank USA Core Savings has a multi-tier rate structure. At the end of a promotional term, variable tiered rates on the deposits in UBS Bank USA Core Savings will apply. Interest accrues daily and pays monthly. View rates at ubs.com/coresavings. Rates and rate tiers may change at any time without prior notice.

⁹ The Resource Management Account (RMA) and Business Services Account BSA are brokerage accounts with UBS Financial Services Inc., a registered broker-dealer and a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). UBS Core Savings is a deposit account, not a security, and is not protected by SIPC. An explanatory brochure is available upon request or at sipc.org. The RMA and Business Services Account BSA accounts provide access to banking services and products through arrangements with affiliated banks and other third-party banks and provides access to insurance and annuity products issued by unaffiliated third-party insurance companies through insurance agency subsidiaries of UBS Financial Services Inc. **UBS Financial Services Inc. and/or its Financial Advisors may receive compensation in connection with deposit products.**

Investment, insurance and annuity products: Not FDIC insured • No bank guarantee • May lose value

Important disclosures

¹⁰ VISA is a registered trademark owned by Visa International Service Association and used under license. The UBS Visa debit and credit cards are issued by UBS Bank USA with permission from Visa USA Incorporated.

¹¹ The products and services described are provided by the firms mentioned herein and not by UBS Financial Services Inc. or its affiliates ("UBS"). UBS does not act as your Financial Advisor in connection with the referral to the firms mentioned. UBS makes no representations or warranties with respect to any product or service offered by the firms mentioned, and UBS will have no input concerning such products and services. UBS and the firms mentioned are independent of each other and do not have an agency, partnership or employment relationship, and UBS may not act for or bind the firms mentioned in any manner. All applications or requests for products or services must be made directly with the firms mentioned and are subject to their internal review and approval process. The firms mentioned will compensate UBS for any referrals. UBS Financial Services Inc. (UBSFS) may not make referrals to Social Finance, Inc. (SoFi) for consumer loans for borrowers domiciled in the States of Maine, North Dakota, Rhode Island and Vermont. There may be limitations on UBSFS' ability to make referrals to SoFi for borrowers in the District of Columbia and in the States of Wisconsin, Connecticut, Massachusetts, Nevada, New Hampshire and New Jersey.

¹² A UBS Liquidity Advantage Refinance is a home financing strategy that involves a cash purchase of real estate from a line of credit extended through the collateralization of eligible securities. A UBS Liquidity Advantage refinance loan is subject to eligibility requirements and the proceeds of the mortgage loan may not be used to purchase, carry or trade in securities, or to repay any debt to any affiliate of UBS Bank USA or deposited into a UBS RMA but can be used to pay back the amount borrowed on the UBS Bank USA credit line. This strategy may not be appropriate for all clients and is not permitted for Texas homestead properties.

¹³ The UBS MortgagePlus program requires the pledge of eligible securities in a UBS brokerage account as additional collateral. 100% financing may not be appropriate for everyone and a default on your mortgage loan could result in both the loss of your home and your pledged securities. If the value of the pledged securities decreases below a certain level (as specified within the loan documents), the deposit of additional securities and/or the sale of securities may be required (known as a "collateral call"). UBS may sell some or all of the pledged securities without contacting you. You are not entitled to an extension of time to meet a collateral call or to choose which securities are sold to meet the collateral call. Trading of the pledged securities is subject to certain restrictions. The sale of securities may result in adverse tax consequences and mortgage interest may not be deductible if tax-exempt obligations are pledged as additional collateral. UBS does not provide legal or tax advice and you should consult with your legal and tax advisors.

In the case of a MortgagePlus loan, the amount you borrow will be higher than with a standard mortgage loan and your Financial Advisor will receive higher compensation. In addition, your origination fee and closing costs will be higher and you will pay more in interest than if you made a cash down payment. **There is a financial incentive to recommend the use of a mortgage loan rather than the sale of securities to meet your cash needs—such as for a down payment—because UBS Bank USA and your Financial Advisor receive compensation related to the loan.** In addition, your Financial Advisor receives compensation related to the securities you continue to hold in your account. For MortgagePlus loans, Your Financial Advisor also receives compensation related to the investments used as additional collateral to secure the loan.

Products and services in this communication may not be available for residents of certain jurisdictions.

Conflicts of interest

UBS Bank USA uses the cash balances in deposit accounts to fund new lending and investment activity. The bank profits by the difference between the interest paid to clients and the costs associated with deposits, and the interest and other income earned by the bank on its loans, investments and other assets. The bank improves profits when it pays lower interest rates on deposits. You should be aware that alternative cash equivalent investments that are managed by UBS affiliates or by third parties, or that are otherwise available on the UBS platform (such as US Treasury securities), are also available for investment by clients. At times, these alternatives pay a higher yield than the interest rates paid on UBS Core Savings. Such alternative investments may not be insured by the FDIC or protected by SIPC.

This information is not provided based on your particular financial situations or needs and does not take into account individual investors' circumstances. You should not consider this information to be a "recommendation" by UBS or your UBS Financial Advisor.

UBS Financial Services Inc. and UBS Bank USA are subsidiaries of UBS AG. UBS Financial Services Inc. is a member of SIPC. Member FINRA. UBS Bank USA, Member FDIC, NMLS no. 947868.

Neither UBS Bank USA nor UBS Financial Services Inc. provides legal or tax advice. Please consult with your legal and tax advisors regarding specific circumstances
