- Do I need to get another job?
- Can I afford to do something I love?
- Should I take my social security early?
- Should I pay off my mortgage? Refinance?
- Should I downsize my house? Move to a lower tax area?
- Do I still need life insurance? If yes, should it be in a trust?
- Should I leave my 401(k) with my old company, or roll it over to an IRA?
- How much risk should I take in my portfolio? None? A little bit? A little more?
- How do I balance my need for growth with my need for stability?
- Does my advisor understand who I am, and what is important to me?
