What are the best strategies for your specific needs?

Planning and portfolio structuring shape your personal strategy.

Planning is critical to our decision-making process. We recommend solutions that are aligned with the goals established in your financial plan.

- We are committed to identifying the best investment solutions for our clients—whether internal or external to UBS—leveraging all of the resources of the firm.
- Each portfolio is tailored to reflect the particular risk, liquidity, tax and style considerations of each client.
- We leverage the global resources of one of the world's leading wealth managers. However, objective and unbiased thinking is fundamental to our team/business and the solutions we recommend.

* We provide periodic monitoring of advisory accounts in accordance with the client's agreements with UBS. Unless separately agreed in writing, UBS does not manage client's brokerage account, and clients make the ultimate decision regarding the purchase or sale of investments.
